Hey,

I'm a college student and I have a good amount info about the online casinos.

Basically I'm joining up this forum to offer tips, advice, what casinos to choose, how to avoid losing money and make sure you make money too while having fun.

I'll also help any newbies with poker, roulette, and guide them to easier games.

In short, I want to GIVE to you. If you have questions about anything, talk to me. Pm or email me.

Don't be shy, I don't bite. ;)

LOL.

Yea bro. I'm eager for the prize. hint hint.

USA? They got debate near a college with McCain and Obama. They shutdown college campuses near the area. It's going to be really busy and it's hard to get tickets to watch.

News? It's pretty boring actually. I don't watch news much. All negative thinking about people being broke, stocks down and economy rotten.

But yea, If I need anything I'll hit you up dude.

That's what's great about playing online, it seems to be pretty recession proof!

Hey Ansub, have you seen any great bonus deals anywhere lately? I'm always on the look out for good deals on cash

match bonuses.

Yes there is more to come. I'm just going to post some more threads for any tips too.

Just ask me and I'll get to you ASAP. ;)

Becca, I'm going to begin advising upon the casinos I recommend you to use in a while. I have one casino offering up to \$5K for new players. Be on the watch for that!

The Forum Admin is going to have to first approve all casinos b/c we don't want any trash casinos. Only quality ones.

Any more questions ask me...
